About Me

A Computer Science and Information Technology student seeking a Cooperative Training opportunity to apply and enhance my technical skills in a professional work environment. I possess a strong foundation in computer science concepts, along with multiple skills and academic achievements gained through coursework and hands-on projects. I am highly motivated to learn, contribute effectively to real-world projects, and grow professionally while adding value to the training organisation.

Education

Bachelor's in computer science & information technology (**GPA: 4.12 / 5.00**) Expected Graduation: 2026
Majmaah University, Majmaah, Saudi Arabia

Projects

- **Graduation Project: Tennis-Playing Robot (A+)**

Designed and developed a robot capable of tracking and hitting tennis balls using motion control algorithms, sensors, and ball-launching mechanisms.

Core Qualifications & Skills

- **Soft Skills**

Problem Solving, Critical & Analytical Thinking,
Teamwork & Collaboration, Leadership, Communication Skills,
Time Management, Adaptability, Fast Learner, Creativity,
Initiative, Responsibility, Attention to Detail, Stress Management.

- **Technical Skills**

Python, C/C++, Robotics, Motion Control, Sensors Integration,
OOP, Autonomous Systems, HCI, Cybersecurity Fundamentals,
Microsoft Word, Excel, PowerPoint, Google Docs/Sheets.

Professional Experience

- **1st Place — World Robot Olympiad** Saudi Robotics & eSports Federation, Riyadh — Dec 2023

Robotics project and engineering.

- **Special Award — International Space Challenge** Singapore — Nov 2025

Developed a space-based hydroponics project showcasing innovation and technical skills.

- **5th Place — Digital Game Development Hackathon** Saudi Arabia, Majmaah — Feb 2023

3D game development, programming, and team-based problem solving.

- **5th Place — Autonomous Transportation Hackathon** Thaka Holding & Aramex, Riyadh — Aug 2024

Collaborated with Aramex to develop an app and strategic plan for autonomous transport solutions.

Volunteering Experience

- **Vice President (2023–2024) Technological Innovation Committee – Innovation Club**

- Led and coordinated technical initiatives for student innovation projects.
- Supervised implementation of innovative projects.
- Encouraged student participation in technical activities.

- **Vice President (2025) Projects & Competitions Committee – Artificial Intelligence Club**

- Led club projects and competitions.
- Organized technical workshops and events.
- Mentored junior students in projects.

Certifications & Training

- **Coursera Certificates**

- HCI | Python Programming | Cybersecurity Essentials & Careers | Operating Systems & Hardware

- **Professional Training**

- Introduction to Spacecraft Design — Space Faculty, Singapore
- Microsoft Excel Course
- Fundamentals of Graphic Design

Languages

- Arabic: Native
- English: Fluent
